

OGABEK BOYMIRZAYEV

Full Stack Developer

+998 94 003 39 59 boymirzayev523@gmail.com www.linkedin.com/in/ogabekboymirzayev Tashkent

SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using Node.js, NestJS, TypeScript, React, and Next.js. Strong focus on backend development, including RESTful APIs, real-time systems with Web Socket, and database management using Prisma and PostgreSQL. Experienced in integrating OpenAI APIs to deliver AI-powered features such as medical assistance and intelligent chat systems. Skilled in building responsive, user-friendly frontends and implementing secure authentication with JWT. Passionate about developing maintainable, high-quality applications that solve real-world problems.

PROJECTS

MUSA Doors — Premium Door E-Commerce Website | Full Stack Developer

Link: <https://musadoors.uz>
Tech: Next.js, React.js, TypeScript, TailwindCSS, Node.js

Built a production-ready website for a real business with four branches across Tashkent, Qo'qon, and Bukhara. Developed SEO-optimized pages using Next.js App Router, including meta tags, sitemap, and robots.txt. Implemented bilingual support in Uzbek and Russian with i18n. Designed a responsive, mobile-first UI using TailwindCSS. Built a product catalog, contact form, and consultation request features. Integrated Google Maps for branch locations and connected social media channels including Telegram and Instagram.

Date period

Medical Assistant Platform (AI-powered) | Backend Developer

<https://github.com/ogabekuz/project-capsula>
